Hello Candidate,

Here is a technical test for you!

You have to create a Webpage as provided in the PSD file attached to this email.

1: Develop a webpage using HTML, CSS, and Bootstrap, the webpage should be mobile friendly
2: Create a popup form that should open after 10 Seconds of page opening,

You have to submit this test in one day's time.
Please host the webpage on git or on your server, or if you are unable to use git share the zip file for the same.
